Health:

Safety is a key factor in our program planning. A health director will be available for assistance with any medical needs. Aspirin, Tylenol and Benedryl will be available at the camp and dispensed by the health director (with parental permission and only in dosage recommended for the camper's age). Other medicines needed by the camper, whether over-the-counter or prescription medications, must be in their original containers. Put all medications in a ziploc bag and include instructions for giving the medication, frequency and dosage, signed by the parent or guardian. Mark the bag with the camper's name. All medications will be given to the health director upon arrival. Campers with asthma who must keep an inhaler with them at all times will follow these same procedures, but after the health director is able to verify and record the information, the inhaler will be given back to the camper.

For the health of all campers, those with contagious conditions or diseases, such as chicken pox or lice, cannot be retained on the campsite.

Lost and Found:

Lost items not requested within 30 days will be discarded. Requested items will be mailed C.O.D.
