Anna and Jozef with Jim and Erin Dutton

Dear Praying Friends,

In March, I asked the pilot of the Space Shuttle Discovery, Jim Dutton, to take a few Slovak flags and a T-shirt with picture of the Trenčin city to space. Well, he did. This made the national news in Slovakia. In July, he visited our country in person to talk about his experience in space, and especially about his faith in the Lord Jesus Christ. The meetings were attended by about 1,500 people and the Gospel was clearly presented. All the major news media in Slovakia covered the event. No need to say that our ministry has received a larger exposure than ever before. Please, pray that the seed of the Word of God that has been planted will bring forth a bountiful harvest.

At the theater hall: Jim's presentations were interpreted into Slovak

This past month, our summer camps were attended by 170 children, teens and adults! After four years of doing camp ministry in Trenčin city, we decided to open a "mini-camp" for children 3-6 years of age and their parents! No need to say that our purpose is to get the Gospel to children and their parents at the same time. How grateful we are for the team of 16 young American Christians from Friendswood, Texas, who have come again this year to join hands with us in this summer outreach.

We also thank the Lord for Bethany Berreth from Friendswood, who came for four months to work with us. The English Children's Bible Camp she started in this city has been received with great excitement by children as well as their parents.

What a joy it is to serve the Lord Jesus Christ with you, beloved Brothers and Sisters! We look forward to sharing testimonies with you of changed lives in the months to come. The reconstruction work at the Berea Center continues well. We have just hosted 26 volunteers from Canada there for one month, who have done a tremendous amount of labor on the facility.

Thank you for standing with us so faithfully in the Lord's Great Commission Mandate! Matt. 28:19
