Dear praying and supporting friends and family:

Warmest greetings to each of you in this busy summer time. First off, let me sincerely apologize for the tardiness of this letter. I do realize it has been long overdue and I will do my best to get back on track with our updates in the future.

Our Easter services were fabulous! We began with 2 baptisms in the morning and then everyone came back to our home for services and lunch. I had the privilege of baptizing Hayley Flannery (the young lady I spoke about in our last letter) as well as my own son, Noah. Hallelujah! What a shouting time we all had together that day. Hayley's parents even came to the meeting and quite enjoyed themselves. Since that time I have had the opportunity of presenting the wonderful Gospel to them. Where once they were very closed off and uninterested, just last month they allowed me to sit and share the Gospel with them for over an hour in their home. Hayley thanked me and said that she had been upstairs praying the whole time. No decision were made that evening, but they admitted to me that they knew what I told them was Truth and that it made sense to them. Please pray for the Salvation of Hayley's parents. Hayley has been growing by leaps and bounds and has amazed me with her zeal for Bible knowledge and endless questions. My prayer is that we as a church will be what she needs to continue to grow in her hunger for the Word.

We have begun a new ministry at Lighthouse Baptist Church. We have started a Youth Club every other Sunday afternoon for the children. We have seen great success in this ministry and it has also allowed our teens to begin to get more involved in the area of service in the church. We have seen our teens get almost as excited as the children in anticipation of our afternoons together in fun, games, food and God's Word. We have even taught the children the game of Red Rove and it has become an all time favourite!

In July we had the privilege of having Rebecca Onley, her children Abbie and Andrew as well as her mother Ruth over for a visit. You will remember me speaking of the Luke Onley family last year after they visited and then the Homegoing of Bro. Luke after a tragic car accident last October. Bro. Luke had planned to work with us here in Carlisle for a bit and
